

ChildDroid

“..the easy way to be close to your children..”

Daniele Albanese

Simone Notargiacomo

Francesco Pace

Are our children **safe**?

- › There is not enough time to be close to our children
 - Know when they are in danger
 - Know their whereabouts
 - Monitor their daily movements

- › Missing Children Europe: 2009 report
 - UK: 140.000 missing children cases reported
 - Belgium: average of 6 new cases every day
 - Italy: 1033 disappeared children cases

- › Office of Juvenile Justice and Delinquency Prevention
 - USA: a child goes missing every 40 seconds, over 2.100 per day

ChildDroid is our solution

- › Being far from our children won't be a problem anymore
 - Geolocation (through Ericsson Mobile Location and Android Location Manager)
 - Location Tracking (through Ericsson Mobile Maps)
 - SOS Request
 - Multiple contacts control

- › **Why ChildDroid?**
 - Fast and simple
 - Accessible by anyone, anywhere at anytime
 - Stealth communication via encrypted SMS
 - No data plan required
 - Innovative way to be in touch

The team

- › We are three young Software Engineers who graduated at Tor Vergata University of Rome
 - Daniele Albanese
 - Simone Notargiacomo
 - Francesco Pace

- › Our goal

4 billion people in the world now have a mobile phone. Our commitment is to create new software which could contribute to improving society or enabling it to revolutionize its ways
